## Experience

### GAME DESIGNER-COMBAT DESIGN-PLAYER PROGRESSION | ETHERIOUS LLC

MAY 2019 - PRESENT

- Creatively problem solved around engine limitations to implement new gameplay mechanics and experiences
- Outlined and developed visual effects, audio, and animations for character abilities
- Designed, documented, and developed character gameplay reworks across several archetypes (DPS/Heal/Tank, combat encounters, player progression, player rewards systems)
- Sculpted terrain, crafted environments, and level design
- Built enemy behaviors and mechanics for encounters
- Active communication and teamwork to design player experiences
- Analyzed and implemented character balancing based on power-budgets

### DELEGATE | NATIONAL MODEL UNITED NATIONS

NOV 2017 - APR 2019

- Instructional leader for collegiate team, teaching 15 peers to be an effective delegate
- Worked in a team to propose model policy changes, expanding the influence of representing countries
- Brainstormed and strategized compromises between multiple parties with competing ideas
